SUMMARY

Front-end Developer with 7 years of experience building and maintaining production web applications using React and Next.js. Proven ability to take features from requirements and design through implementation and deployment. Strong focus on scalable UI architecture, Core Web Vitals, SEO, and maintainable codebases.

SKILLS

- Reactjs & Nextjs (App Router, SSR/ISR, routing, data fetching, SEO)
- Front-end performance optimization (Core Web Vitals, bundle splitting, caching strategies, rendering optimization)
- Modern CSS: Tailwind CSS, responsive layouts, design systems (Shadcn UI)
- CMS & backend integration: PayloadCMS, REST APIs, Node.js, PostgreSQL
- DevOps fundamentals: Docker, CI/CD pipelines, AWS deployment workflows
- Web application security fundamentals (authentication, authorization, common client-side security risks)

WORK EXPERIENCE

01/2021 - 03/2025	FPT Telecom Front End developer <ul style="list-style-type: none">• Built and maintained production web applications using React and Next.js, serving marketing and business-facing use cases with strong SEO and accessibility requirements• Translated Figma designs and business requirements into scalable, reusable UI components and page layouts• Collaborated closely with backend and system teams to integrate APIs, resolve build and deployment issues, and ensure stable releases• Improved front-end performance by optimizing rendering behavior, bundle size, and caching strategies• Supported team members by resolving UI issues and reviewing pull requests to maintain code quality and standards• Technologies used: Reactjs, Nextjs
10/2018 - 7/2020	Sutrix Solutions Front End developer <ul style="list-style-type: none">• Developed front-end applications based on design specifications using Vue.js• Analyzed user stories and collaborated with backend teams to integrate APIs• Delivered reusable UI components and ensured cross-browser compatibility• Technologies used: Vuejs, Vue custom element
10/2017 - 10/2018	Datamart Vietnam Web developer <ul style="list-style-type: none">• Built and maintained web applications using Vuejs• Developed and maintained backend APIs using Express.js and MySQL• Gained experience working across the full web stack in a production environment• Technologies used: Nodejs, Express.js, Mysql, Vuejs
